

## Human Subjects Research Training

### For Students

1. Go to <https://about.citiprogram.org/en/homepage/>
2. Register
3. Enter Bryn Mawr College for Organization Affiliation
4. Create your CITI username and password
5. Complete the profile and select Principal Investigator
6. Select Social and Behavioral Scientists
7. Select not this time for all other options.

You should see the required modules plus optional modules. You must complete the required modules and any of the optional modules if they have relevance to the research (children, prisoners, international researchers, etc.). Once you have completed all the required and appropriate optional modules, click for a certificate and the completion report and submit these to the IRB .

If you are a faculty mentor, include your certificates and completion reports with your student's protocol submission.
